

SOCIAL ENTERPRISE CONNECTIONS FOR SOCIAL ENTERPRISES & INNOVATORS

- Connect with others involved in social enterprise across Malaysia
- Share and develop your understanding of the purpose and potential of social enterprise
- Explore current concepts and examples in Malaysia and other countries
- Build a peer-support network for social innovation

SATURDAY 13 MAY 2017 | KUALA LUMPUR | FULLY FUNDED

Social enterprises are becoming increasingly attractive as a way for organisations to generate sustainable income and deliver social impact in their communities.

This workshop is an opportunity to explore concepts and experiences of social enterprise and how Malaysia could benefit from this model and movement.

It is designed for people who either are currently or potentially developing a social enterprises or social innovation project.

DURING THIS PROGRAMME YOU WILL:

- Share and develop your knowledge of the values and purposes of social enterprises and their context in Malaysia
- Discuss live examples to deepen your understanding of the realities of running a social enterprise
- Consider the potential of social innovation and its relationship with social entrepreneurship
- Exchange experiences with peers who share goals of creating sustainable social impact

PARTICIPANTS

Potential and start up social enterprises, as well as established organisations with an interest in connecting and building a strong sector in Malaysia.

NOTE: There is a separate event for public and private sector businesses on Wednesday 10 May 2017.
